prototype

Dear Barak,

We would like you to be one of the first to [use the new FT.com prototype](#). This is a very early work in progress, so we would really appreciate your feedback, which is essential to its development.

We're building a site which will be fast to load, intuitive and with easy-to-find content that works brilliantly across all screens, formats and media.

Feel free to switch back to the current FT.com at any time if you can't find what you're looking for as not all of our news and tools are there yet.

We'll keep you informed as our great new site develops so please take a look now and give us your feedback.
